London, 6th November; The World Sustainable Hospitality Alliance (the Alliance) proudly announces Grundfos, the global leader in pioneering solutions to the world's water and climate challenges, and improving people's lives, as an affiliate member of the Alliance.

Collaborating with the Alliance, Grundfos will help accelerate the hospitality sector reaching Net Positive through its leading energy efficient water solutions within the industry.

Grundfos' sustainability focus is on the areas they lead and deliver a tangible impact, including energy and water reduction, improving water access, and developing a circular business. Grundfos is the first water solutions company to set validated, science-based targets to achieving net zero emissions, and has set rigorous standards to continually improve its social impact and inclusion

Water has always been the heart and soul of Grundfos. That's why they're driven to pioneer solutions to the world's water and climate challenges and improve quality of life for people. This purpose is central to everything they do and aligns with the Alliance's mission and vision.

Grundfos joins the Alliance, which is a formidable coalition of over 100 members and partners dedicated to addressing critical challenges facing our planet. By welcoming Grundfos to the Alliance, together they are poised to drive transformative initiatives that are a force for good within the hospitality industry.

Glenn Mandziuk, CEO of the World Sustainable Hospitality Alliance, stated; *"It is a significant milestone for our movement towards Net Positive Hospitality to have the global leader in water solutions and energy efficiency, Grundfos, join the Alliance alongside our 100+ members and partners. The solutions Grundfos installs and manages within hotels play a vital role in helping these properties achieve their sustainability goals. With Grundfos at the forefront of our industry, I am excited to collaborate as we work together to create a more sustainable future for the hospitality sector."*

Lewis Brown, Global Head of Hospitality Development at Grundfos, adds; *"In the hospitality sector, numerous hotel chains have already committed to ambitious sustainability targets. Grundfos plays a pivotal role in this journey, offering proven solutions, a strong track record, and a local presence to help hotels achieve their important goals. We are thrilled to be part of this alliance, eager to learn, share, and further advance the hospitality industry together."*

About the World Sustainable Hospitality Alliance

The World Sustainable Hospitality Alliance brings together engaged hospitality companies and the wider hospitality value chain, along with strategic partners, to address key challenges affecting the planet, people and places around the world.

Through their strategic initiatives and global networks, they develop practical programmes and resources to create a prosperous and responsible hospitality sector that gives back to the destination more than it takes.

Their members represent over 55,000 hotels spanning 300 brands – totalling over 7 million rooms – and include world-leading companies including Accor, Choice Hotels International, Hilton, IHG Hotels & Resorts, Marriott International, and Wyndham Hotels & Resorts, as well as regional brands. Their network, which includes over 100 partners, also includes other parts of the hospitality value chain, including owners, investors, suppliers, and other partners to further drive joined up action on sustainability, and accelerate the industry on the path to Net Positive Hospitality.
